PROJECTS
ResCue: Earth Detection App REPO | LIVE
Developed a front-end web app using React Leaflet and USGS APIs to plot earthquakes on a vector map, assign heroes, and log vacation days to Firebase.
Technologies utilized: | Group Project | HTML | CSS | Sass | JavaScript | React (Hooks & Routing) | Firebase | APIs

Dil's Game Store: Mock ECommerce Gaming Store REPO | LIVE
A mock e-commerce gaming store built with React and RAWG API. Users can browse game products by category and add products to a cart. Users can also sort the games by rating and price. Created a user interface that is compliant with web accessibility standards (Web Content Accessibility Guidelines 2.0), benefiting user experience, and improving SEO.
Technologies utilized: React | JavaScript | HTML5 | CSS3 | REST API | GitHub | Git

Hire Me Coin: Cryptocurrency App REPO | LIVE
Hire Me Coin is a pair-programmed application that allows users to search for the top 20 cryptocurrencies while displaying price charts using Chart.Js. Users can filter cryptocurrency based on price and ranking.
Technologies utilized: Chart JS | JavaScript | HTML5 | CSS3 | REST API | GitHub | Git

PROFESSIONAL EXPERIENCE
Customer Experience Associate – Toronto Dominion Bank (TD)   Jan 2019 – Mar 2021
- Provided individual educational sessions to 20 customers daily on how to access the TD EasyWeb and how to utilize all of its functions/features
- Collected feedback from customers on how TD EasyWeb could become more user-friendly, accessible, and efficient and presented the data collected to the web development team

Raman Transport LTD – Supervisor   Oct 2014 – Dec 2018
- Analyzed and reviewed the procedures and policies the dispatcher team utilized and created a new set of procedures that increased the speed of matching drivers to pick up assignments by 20%.
- Managed an interdisciplinary team of dispatchers, truck drivers, and security personnel while connecting with external parties such as border security to ensure that all deliveries arrived as expected to customers.
- Utilized Quickbooks daily to organize company data and track finance
